

Keeping America Cool Since 1952

Transport Refrigerated Units

4X8 MODEL

Capacity

- 4x8 140 Cubic Feet (*approx.*)

Outside Dimensions

- Width 48"
- Length 96"
- Height 71"

Attributes

- 25" x 57" Durapon Coated Steel Door
- CFC-Free Refrigeration:
 - Coil Plate: 3/4 Horsepower
 - Auto Defrost: 1/2 Horsepower
- Amperage: Coil Plate 10.4 and Auto Defrost 9.6

Capacity

- Coil Plate: 570 7 lbs. Bags (*approx.*)
- Auto Defrost: 550 7 lbs. Bags (*approx.*)

5X9 MODEL

Capacity

- 5x9 220 Cubic Feet (*approx.*)

Outside Dimensions

- Width 56"
- Length 108"
- Height 83"

Attributes

- 45" x 74" Durapon Coated Steel Door
- CFC-Free Refrigeration:
 - Coil Plate 3/4 Horsepower
 - Auto Defrost: 3/4 Horsepower
- Amperage: Coil Plate 10.4 and Auto Defrost 11.6

Capacity

- Coil Plate: 740 7 lbs. Bags (*approx.*)
- Auto Defrost: 720 7 lbs. Bags (*approx.*)

Auto Defrost Interior
(5 x 9 Shown)

Coil Plate Interior
(4 x 8 Shown)

Note

These large-capacity, heavy-duty refrigerated transport units permit easy loading, easy access and controlled-temperature delivery for a variety of frozen or refrigerated products.

Material and product improvement is a constant commitment at Leer, Inc. These specifications are subject to change without notice and without incurring responsibility for previously sold merchandisers and components.

Leer has been designing, building and improving ice merchandisers since 1952. We keep a large inventory of finished goods and replacement parts on hand at all times. Over 50 models of merchandisers, including cash-less self-vending machines are available from stock and through our distribution partners.
