

ICE EQUIPMENT AND SUPPLY

CONTROL SYSTEMS

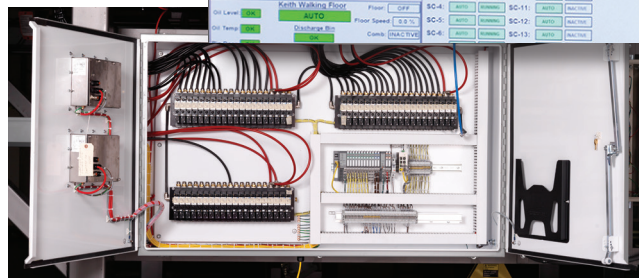

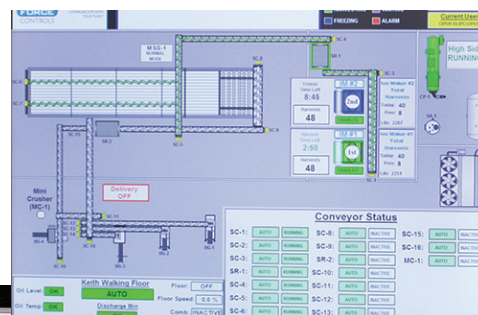

**We support your business
beginning to end.**

FREEZE FORCE CONTROLS

MODERN CONTROL PANEL

Features:

- Sequence the Harvest of your Ice Makers
- Communicate and Control Compressor and Condensor Settings
- Get Remote Alerts (Text/Email) when a Failure is Detected
- Link Controls with Live Video Feeds for Remote Monitoring
- Automate all Conveying and Bulk Storage Controls for Seamless Plant Operation
- Keep Track of Bags/Pallets Produced Per Day Automatically and Export Data to PC
- Enables Remote Troubleshooting for Service Assistance without the Cost of having a Technician Travel to your Site
- Monitor Water Tank Levels, Refrigerant Levels, and Freeze Temperatures to Help Ensure Equipment is Operating Properly

We don't just sell equipment.

We offer custom solutions that solve problems today and support your operation in the future!

THE MODERN DIFFERENCE

Our team of specialists and resources can help you get the most value out of your ice plant!

- Every plant is unique. We have the experience to offer the right solution.
- Engineering skills to create the most efficient and effective design for your plant.
- Service programs available to extend equipment life and maintain peak performance.
- Our unique Rent-A-Tech service program offers peace of mind when you need it.
